🌐 JLJ is an online Japanese language institution created to make your dreams and hopes happen.

👨🏫 All teachers are Native and certified Japanese teacher.

One characteristic of the curriculum is that you can learn basic Japanese communication skills necessary for living and working in Japan. For this reason, we have adopted a style in which the lessons focus more on conversation and where students can freely participate.

In addition, the curriculum supports the exams (Japanese-Language Proficiency Test and JFT-Basic) required to obtain a working Visa, and promotes learning efficiently.
